Resolution Temporary 88-19* – Second Reading – July 15, 2019
A RESOLUTION DECLARING THE NECESSITY OF AN ELECTION ON THE QUESTION OF APPROVING THE PASSAGE OF AN ORDINANCE TO AMEND SECTIONS 183.012, 183.013 AND 183.02 OF THE CODIFIED ORDINANCES OF THE CITY OF LANCASTER, OHIO, IN ORDER TO INCREASE AND REPLACE THE CITY INCOME TAX RATE FOR PARKS AND RECREATION TO A RATE OF TWENTY HUNDREDTHS OF ONE PERCENT (0.20%) CONTINUING, BEGINNING JANUARY 1, 2023 FROM THE CURRENT RATE OF ONE AND ONE HALF TENTH OF ONE PERCENT (0.15%) TAX FOR THE PERIOD JANUARY 1, 2018 THROUGH DECEMBER 31, 2022 ON EARNINGS AND INCOME TO A RATE OF TWENTY HUNDREDTHS PERCENT (0.20%) CONTINUING, BEGINNING JANUARY 1, 2020, AND DECLARING AN EMERGENCY

Mrs. Downour made a motion to amend Resolution Temporary 88-19 by replacing it with Resolution Temporary 88-19* as given to the Clerk prior to the meeting, seconded by Mr. McDaniel.

Mrs. Downour asked Law Director Ullom if he would provide context around the amendment.

Law Director Randall Ullom explained when this legislation as introduced at the June 26th meeting, he stated at that time that legal research was still being done on this issue. The piece that was replaced took the park’s levy from .15% to .20%, which would be effective January 1, 2020. It was submitted this way at the request of the Park Board, and would ultimately like it to continue, the research confirmed that this was not able to be done. The replacement piece changes to .20% and continuing levy for the Parks that would take effect on January 1, 2023, which is the expiration of the current levy .15% park levy.

President Uhl asked Mrs. Downour if she would like to add anything before he opened the floor for comment, with nothing, President Uhl asked if there was any further discussion on the motion to amend.
Mr. Woodgeard feels that this legislation is premature and may affect any chances of getting another city issue on the ballot at the same time.

Mr. Stoughton stated that he agrees with Mr. Woodgeard. The park’s renewal has always past anything less than 60% for and 40% against. Making this a permanent tax rate and increasing it it will have no problem, based on what our parks do, and there is no rush to do this now.

President Uhl asked if there was further discussion. With none, President Uhl explained as a strategy point, next year is a presidential election and there was concern that it may be a little more challenging, and that is what the Park Board brought up at their meeting.

President Uhl asked if there was further discussion on the motion to amend.

Mr. Hall stated that in his experience in running tax initiatives, high turnout elections tends to be more favorable with more voters going to the polls, and doesn’t think that would be a negative thing.

President Uhl stated that he didn’t either, but it was part of the strategy discussion.

Mr. Woodgeard stated there is no rush, they could try to place it on the ballot in 2021 or 2022, and feels this is very premature at this time. They may have greater needs down the road, and may need to ask for additional funds.

President Uhl stated that if a special finance committee meeting is held, Park’s representatives could be here to talk more about strategy and why they are resting this at this point and time.

President Uhl asked if there was further discussion on the motion to amend.

Mr. McDaniel would like to hear from the Park Board on this issue as well.

President Uhl asked if there was further discussion on the motion to amend.

President Uhl asked if there is any discussion on the motion to amend, with none, he requested the Clerk to call the roll. The motion to replace by amending carried 8-0.

Mr. Stoughton stated he is asking for suspension due to stress on the overtime budget and needs to be taken care of prior to the next payroll.

President Uhl asked if there is further discussion on the motion to suspend, with none, he requested the Clerk to call the roll. The motion to suspend carried 8-0.

Mr. Stoughton made a motion to pass, engross, and enter upon the written record Temporary Resolution 91-19, seconded by Mrs. Downour.

President Uhl asked if there was any further discussion on the motion.

Mr. Woodgeard stated that this overtime issue may resurface, with only being half way through the year, and most likely will not be the last time they will have to add to this fund.

Mr. Stoughton also agreed, and gives Chief Ward credit making his best guess to, but advised the Chief if he needs more, then he needs more. Both Chief’s do a wonderful job managing their budgets and overtime.

This is an Enterprise Fund, no General Funds, and the funds are there, they just need to be appropriated. Mr. Woodgeard also pointed out that the Gas Department has been able to lower the gas rates for the coming year and is estimated to save the average family around $52.00 a year.

President Uhl asked if there is further discussion on the motion to suspend, with none, he requested the Clerk to call the roll. The motion to suspend carried 8-0.

READING OF ORDINANCES

Ordinance Temporary 10-19 – Third Reading – Permanent Ordinance 12-19
AN ORDINANCE TO AUTHORIZE THE SERVICE-SAFTY DIRECTOR TO ACCEPT APPROXIMATELY TWENTY-ONE (21) ACRES, MORE OR LESS, OF PROPERTY SITUATED IN SECTION 33, TOWNSHIP 15, RANGE 19, TOWNSHIP OF GREENFIELD, FAIRFIELD COUNTY, OHIO FROM THE ESTATE OF D. MERRILL BOWERS

Mrs. Tener made a motion to pass, engross, and enter upon the written record Temporary Ordinance 10-19, seconded by Mr. Woodgeard.

Mrs. Tener explained that this is property that the Park’s is receiving from an estate and will be the future home of baseball fields.

Superintendent Tharp stated that this property has been in the process for about eight years. Merrill Bowers past away at the end of 2017, when the Park’s was trying to get the property turned over to them. Now the property has been wrapped up in an estate for a year and a half, and is finally done. This will be the eventual replacement of the ballfields at Miller Park baseball diamonds.

Mrs. Tener asked if anything else other than just the baseball fields would be located at this new location.

Superintendent Tharp explained with the fences, the parking lot, and four baseball/softball diamonds geared toward adults, there may only be enough room for a football field.

Mrs. Tener asked what will happen at Miller Park.

Superintendent Tharp stated at this time, Miller Park with the help of Stormwater fees will be turned into a greenspace with walking paths. It is located in the flood zone. Miller Pool will continue to operate at their location.

Mrs. Tener asked if there could ever be a splash park.
Superintendent Tharp doesn't think so, since this property sites right on top of the aquifer and doesn't want to cause any more problems in that area, unlike other project have.

Mr. Woodgaard explained that the EPA has been after the City of Lancaster for a number of years to look at ways to get the baseball diamonds out of this area because of the aquifer that site directly below. It is doubtful that this property could ever be used for anything else, which would have to be certified by the EPA, and once the diamonds are removed, they will not.

President Uhl asked if there is further discussion on the motion to pass, with none, he requested the Clerk to call the roll. The motion to pass carried 8-0.

Ordinance Temporary 11-19 – Second Reading – July 15, 2019
AN ORDINANCE TO AMEND SECTIONS 183.012, 183.013 AND 183.02 OF THE CODIFIED ORDINANCES OF THE CITY OF LANCASTER, OHIO, IN ORDER TO INCREASE THE CITY INCOME TAX RATE BY FORTY-FIVE HUNDREDTHS OF ONE PERCENT (0.45%) FROM THE CURRENT RATE OF ONE AND SEVENTY-FIVE HUNDREDTHS PERCENT (1.75%) TO A RATE OF TWO AND TWENTY HUNDREDTHS PERCENT (2.20%), BEGINNING JANUARY 1, 2020, AND TO SPECIFY THE ALLOCATION OF FUNDS FROM SUCH TAX

Mrs. Downour stated this is second reading.

Ordinance Temporary 12-19* – Second Reading – July 15, 2019
AN ORDINANCE TO AMEND SECTIONS 183.012, 183.013 AND 183.02 OF THE CODIFIED ORDINANCES OF THE CITY OF LANCASTER, OHIO, IN ORDER TO INCREASE REPEAL THE CURRENT RATE OF CITY INCOME TAX RATE FOR PARKS AND RECREATION ONE AND ONE HALF TENTH OF ONE PERCENT (0.15%) TAX FOR THE PERIOD JANUARY 1, 2018 THROUGH DECEMBER 31, 2022 ON EARNINGS AND INCOME AND REPLACE WITH A RATE OF TO TWENTY HUNDREDTHS OF ONE PERCENT (0.20%) CONTINUING, BEGINNING JANUARY 1, 2023, ON EARNINGS AND INCOME FOR PARKS AND RECREATION, AS MORE FULLY SET FORTH HEREIN, AND DECLARING AN EMERGENCY

Mrs. Downour made a motion to amend Ordinance Temporary 12-19 by replacing it with Ordinance Temporary 12-19* as given to the Clerk prior to the meeting, seconded by Mr. McDaniel.

Mrs. Downour explained that this ordinance corresponds with the temporary resolution which was previously amended.

President Uhl asked if there is any discussion on the motion to amend, with none, he requested the Clerk to call the roll. The motion to replace by amending carried 8-0.

Mrs. Downour second reading.

President Uhl asked if there were any other ordinances to come before Council this evening. With none, we moved onto the next order of business.

TABLED LEGISLATION

None.
UNFINISHED BUSINESS

Mrs. Tener inquired if the Mayor had a chance to speak with the grant writer and if she was able to locate any grants to assist with sidewalks.

Mayor Scheffler explained that you can only apply for grants that are out there and available, and as of to date, the City has not been able to find any that specifically addresses sidewalks.

Mr. Hall inquired to the citizen who questioned if there was a possible Sunshine Law violation, and if appropriate would like the Service-Safety Director or Law Director to respond at this time. He would like to know if there was a breach of the Sunshine Law and, if there was, what might be considered to address it.

President Uhl asked Law Director Ullo to if he was in a position to answer this this evening.

Law Director Ullo answered, the short answer, no, there was no violation. The Park Board has no jurisdiction over the general operating levy. In public records parliament, the issue becomes “are you taking action on something that you haven’t given the public notice”, so Park Board clearly had no jurisdiction over the general operating fund levy currently before Council. The other issue that came up at the Park Board meeting, they are inclined, as seen in the legislation, because a levy changes the City’s tax code, and the tax code is specific and references, as you can see in the tract version of the ordinance. The language must change to accommodate both of these should both of them pass Council and move on to the ballot. These two pieces are intertwined, but no Sunshine Law violation, because the Park Board has no jurisdiction over the City levy whatsoever.

President Uhl thanked Law Director Ullo and asked Mr. Hall if that clarification satisfies his questions.

Mr. Hall answered that it did.

President Uhl appreciated Mr. Hall brining that question up because he was concerned about the allegation, because he was the one who answered “no” the last time it was brought up. He was advised by the Law Director that there was none because the Park Board has no jurisdiction, and appreciated Law Director Ullo clarifying this question.

President Uhl asked if there is any other unfinished business this evening, with none, we moved on to the next order of business.

NEW BUSINESS/SPECIAL PRESENTATION

Mrs. Tener had concerns with an incident which occurred last week with fireworks being shot off in the park near her home. While she understands the Park’s Department does not have authority over the park visitors, but something needs to be done with the City’s parks. A phone call was made to the police department, an officer came out and turned off his lights to let him know that he was there, and then left. The individuals continued to stay in the park. The City needs to do something with policing and who has the authority to enforce more in our parks.

Mr. McDaniel did speak with Chief Pillar on this issue. Mr. McDaniel stated being with the police department 30 plus years, it is one of the busiest nights of the year. The police department had 42 firework calls that same night. That particular night, there were eight officers on duty, plus supervisors, and the Parks’ Department also had an extremely busy night
managing Rising Park. With this comes prioritizing things and fireworks is not a high priority call, though it is important. The officer in question did come to the area and did leave with no enforcement action, and it happens to be an officer who resigned and moved to Florida. Chief Pillar is well aware of this and has spoken to his supervisors and Service-Safety Director. It is definitely an issue that they are aware of and they take seriously.

Mr. Stoughton stated if the City had a Directed Patrol Unit, could at least address some of those, which we don’t have. This all boils down to a manpower problem more than anything else.

Mrs. Tener is concerned that it is taking place in a public park with little kids present. This went on well after the officer left. She has two brothers that have retired from the Colombus Police Department, she is not against the police department. If the officer would have addressed the issue with the individuals, it could have been a quick fix. She is also concerned about the pump station which cost well over a million dollars and it being damaged somehow.

President Uhl thanked Mrs. Tener for bringing up the concern and asked what time the call to the police department.

Mrs. Tener answered that she called at 9:30 p.m. and called again at 9:43 p.m., and were not dispatched until 9:56 p.m.

President Uhl stated there were approximately 30,000 people in the fairgrounds and all that was going on, there were a couple of instances in the fairgrounds that LPD was responding to.

Mrs. Tener stated that she has all the records.

President Uhl stated he has all the records as well and reviewed the call Ms. Tener made to LPD, there was a lot going on, but it is a concern and appreciated Ms. Tener bringing up this issue, but as brought up by others, it is a manpower issue at a priority standpoint and a challenge to address all that is going on that night with so many people in one place and spread out across the City.

President Uhl asked if there was any further discussion on this particular issue before we move on to another topic. President Uhl asked if there was any other new business.

President Uhl announced that the X Church has been doing some work and is paying the fares for loops throughout this week, and it is appreciated. They were a huge help at the Fourth of July Fireworks parking vehicles, and that church is appreciated for all they are doing in the community.

President Uhl thanked the Fourth of July Committee for a fantastic fireworks show and great event all day long. This is completely a private funded event, no City dollars go toward it. Law enforcement officers are paid for special duty by the sponsors and private contributions. There was some impression that this is a City event, but it is not.

President Uhl also announced that it is Festival time and encourages all to attend this unbelievable event that takes place here for 10 days within our community. There are seventy some events, many of which are free to the public, and he urged everyone to go out and support the festival.

Mr. Stoughton asked President Uhl to speak about what he is doing on July 28th.

President Uhl will be at the Lancaster Campground along with Mr. Stoughton. President Uhl will be preaching at the historical campground and appreciate this being brought up. Anyone is welcome to come out and see this.
President Uhl asked if there is any other new business this evening, with none, we moved on to the next order of business.
