**UNFINISHED BUSINESS**

Mrs. Tener asked if the City has decided what to do with South Broad and Hubert during Halloween?

Service-Safety Director Paul Martin answered that an officer would be present.

Mr. Hall questioned long term obligations, such as the notes and if future council members didn’t honor the obligation. He asked if it was not honored, by future council members, and asked if there is some type of structural process in place to have funding to cover that.

Auditor Tricia Nettles does contract with its bond counsel for the attorney portion of these. We are obligated to pay back these types of debt and must be paid. The note in question is borrowing money for a twelve month period and paying it, and then borrowing money for the balance of funds due. Legislation on this note will be brought before council annually until paid in full. There is no other mechanism to pay this note, and would have to be paid 100% by the City.

Treasurer Bob Wolfinger explained that notes for this amount can be renewed for up to ten years and is a lot less expensive than doing new notes altogether. This is the only way the City can legally fund this and is an obligation to pay it. If not paid, the City would be in fault and could be sued or attach the treasury.

President Uhl stated that he knows that it is strange that the City must vote on it every year, but that it how this works. The auditor will bring this legislation to council for the next seven years for passage.

President Uhl asked if there is any further unfinished business this evening, with none, we moved on to the next order of business.

**NEW BUSINESS/SPECIAL PRESENTATION**

Mr. Groff stated that in relation to previous legislation discussed on the annexation of Timber Top asked that Tony Perez from Lemon Group Development and Tom Winkhart attorney for the Lemon Group to come forward and introduce themselves and answer any questions that Council may have.
Tony Perez, Lemon Development is a development group based out of the North Canton area. They have been in business for about 40 years concentrated on mixed use development all across the state of Ohio. The last ten years they have concentrated on senior living. His company currently has 20 senior living facilities that they owns, manages, and operates all of these facilities, with 1,500 employees. They are excited to be here on this issue for the 78 acres which they are proposing will be mixed use development. This will be multi-family, skilled nursery facilities, and senior living facility.

Attorney Winkhart, has been the legal counsel for over 30 years for Lemon Development. He stated that he has worked in three dozen communities developing a lot of multi-use properties. He looks forward to working with administrative team and council. It is going to be another great project and a great project for Lancaster.
