The City of Lancaster
C/O: The Hon. David L. Scheffler, Mayor
104 East Main Street
Lancaster, OH 43130

Dear Mayor Scheffler:

Pursuant to Ohio Revised Code section 5709.63, Designation of Enterprise Zones by Counties, official notice is hereby given that the Fairfield County Board of Commissioners will hold a public meeting on *December 15, 2020* to consider granting an Enterprise Zone incentive to Blue Label Packaging Company, dba Blue Label Digital Printing. The Board of County Commissioners has found that the company is qualified by financial responsibility and business experience to create and preserve employment opportunities and to improve the economic climate of the county. Blue Label has demonstrated that the granting of an incentive is necessary for the company to create the employment opportunities resulting from the proposed investment.

A negotiation team consisting of representatives from the Lancaster City School District, the City of Lancaster and the Fairfield County Board of County Commissioners has met with the leadership of the Blue Label Packaging Company and heard of their plans for expansion and the creation of new employment opportunities. The incentive team has proposed an exemption of 100% of the new real property taxable value for a fifteen-year term for the addition of a proposed 24,000 square foot warehouse/production facility and the creation of 10 jobs as well as the retention of 110 current jobs. The projected payroll ensuing from the new job creation is estimated to be \$550,000. The Fairfield County Auditor's Real Estate Division estimates the true value of the new warehouse/production facility to be approximately \$1.7 million. The Enterprise Zone incentive only abates the value of the new construction from the property tax rolls. The City will continue to collect the same amount of property tax from the existing building and underlying land as before; only the new building is exempt and only for the life of the incentive. As such, there will not be a decrease of current property tax revenue from this parcel. When the exemption on the building expires the parties will see the full value of the building reflected in the assessment.

The company is aware of its responsibility to the community and has gone above and beyond the minimum expectations of typical incentive agreements. It has agreed to actively participate in workforce training, such as the Fairfield 33 Career Readiness Endorsement program. It will also seriously consider the possibility of donations of equipment to the school district for training and career preparation activities as well as internship opportunities for local students. The company plans to break ground in late 2020 or early 2021 if the incentive is approved.

In consideration of these facts and offerings, the Board of County Commissioners has agreed to the rate and term agreed upon by the negotiation team. As prescribed by ORC 5709.63 (C)(1)(c), the Fairfield County Commissioners hereby provides the City of Lancaster forty-five business day notice that the Commissioners will hold a public meeting on *December 15, 2020* to consider granting the Enterprise Zone incentive to Blue Label Packaging Company.

We are requesting that the City formally vote and pass legislation authorizing the granting of the Enterprise Zone agreement for the proposed rate and term within 14 business days of the receipt of this letter. Per the Ohio Revised Code, the Commissioners cannot act before the City approves the incentive.

Should you have any questions, or need additional information, please do not hesitate to contact me at your earliest convenience. I would be happy to speak with the administration and elected officials to explain this program in greater detail as well as the numerous benefits it can offer our community.

Truly,

Rick Szabrak
