- Deviated-fixed routes (loops) carry-on packages (due to safety & limited times) are restricted to what can be easily handled by the customer and carried aboard without delaying the vehicle: customers are permitted to carry only the number of bags they are able to manage independently without the assistance of the driver.
- Demand response transportation carry-on packages must be comfortably handled by the customer within their designated area. Operators are only permitted to assist with packages when getting on/off LFPT vehicles. The driver will assist with (2) large paper bags or (4) small plastic bags per trip.
- Drivers are not permitted to cross the threshold and must keep their vehicle in sight at all times.

- Refusal to ride the vehicle sent for a trip is considered a “no-show”. A rider must pay for the no-show fare before riding again.
- Trip cancellations must be made at least 60 minutes prior to scheduled trip time, otherwise the trip will be considered a “no-show”. (To request a copy of our policy please contact the transit office.)
- Children must be properly secured in accordance with State Law in a child restraint system that meets State and federal motor vehicle safety standards (installed based on the manufacturer’s instructions). The parent/guardian will install the restraint seat and secure the child. Once the driver and the parent/guardian are satisfied with installation and securement, the vehicle may be placed in motion.
